Sir:

The following is a substance of the interview granted August 5, 2008.

**REMARKS/ARGUMENTS**

The Applicant acknowledges, with thanks, the telephone interview granted on August 5, 2008. Attending the interview was the examiner and the undersigned, the applicant's representative. The applicant's representative pointed out that the office action received by the applicant was the same as the first office action. The applicant noted that in the previous office action the examiner indicated certain claims were allowable and the applicant amended the base claims to include the elements of the claims indicated as containing allowable subject matter which should have put the case in condition for allowance. The examiner indicated that the incorrect office action was mailed and the examiner will withdraw the office action dated February 6, 2008 and will issue a new office action in due course.

If there are any fees necessitated by the foregoing communication, the Commissioner is hereby authorized to charge such fees to our Deposit Account No. 50-0902, referencing our Docket No. 72255/30852.

Respectfully submitted,
